

Summer Task: Observation Practice
Childcare – Due in first day of college

TASK – Watch the following video carefully.

[Early Years Foundation Stage: Children play outside - YouTube](#)

Make notes about the following:

Write a summary of what you saw in the clip.

What words did you hear the children say?

What physical skills did the children use? (think about the different way children moved)

What resources were the children playing with? What do you think they learnt or practiced by using these resources?

What do you think the children were learning from their play experiences?
